November 25, 2023

Dear Providers,

Quality Plan Administrators has been providing the total successful support for the Vision benefits for the employees of the District of Columbia for more than two decades. During this time we have contributed to, and shared in the benefits of their significant growth that progressively increased from approximately eighteen thousand (18,000) to twenty-five thousand (25,000) enrollees and approximately twenty-three thousand (23,000) dependents.

We regret to inform you that as of **December 31, 2023** our company will no longer be contracted by the Government of the District of Columbia to provide the myriad of services associated with the vision care program.

All approved services performed up through **December 31<sup>st</sup>** of this year will be analyzed, and adjudicated as per our written agreement by QPA. We anticipate performing these services in a timely manner. We **urge** you to submit all claims as soon as treatment is rendered and no later than **January 30, 2024**.

Our company shall not be responsible for services, inquires, complaints etc. regarding your vision care for services performed after **December 31, 2023**.

Please be assured that we will continue to give you and the community that we have served faithfully, the same support.

We fully intend to maintain our relationship with our network as we explore other avenues related to Health Care opportunities. We remain, the people that we serve.

Very best wishes
